

## Multifamily Home Energy Retrofit Coordinating Committee

### Public Stakeholder Meeting: Recommendations for CA multifamily retrofit programs

**Date:** Friday October 8<sup>th</sup>, 2010

**Time:** 10:00 am - 3:00 pm

**Location:** StopWaste.Org (1537 Webster St. Oakland, CA 94612)

**RSVP** to [aramirez@stopwaste.org](mailto:aramirez@stopwaste.org) (In-person only, Lunch provided)

Come learn about the unique aspects of the multifamily sector and find out how to set up a retrofit program that enables the energy savings potential to be achieved from multifamily housing. The Multifamily subcommittee of the California Home Energy Retrofit Coordinating Committee (CA HERCC)\* has developed recommendations for best practices in Statewide MF Retrofit programs and invites your participation to provide feed-back. Multifamily retrofit program design recommendations include perspectives on prescriptive and performance approaches, professional qualifications and training, weatherization coordination, and energy analysis software improvements. These recommendations build upon existing utility programs and intend to inform future programs that will offer Multifamily whole-building rebates.

### AGENDA

Time	Topic	Panel
10:00-10:30	<b>Introductions &amp; Overview:</b> <ul style="list-style-type: none"> <li>→ Welcome</li> <li>→ About the Home Energy Retrofit Coordinating Committee</li> <li>→ Challenges &amp; Opportunities in the MF Retrofit Sector</li> <li>→ Understanding CA's Multifamily Retrofit Market</li> </ul>	Karen Kho (StopWaste.Org) Leif Magnuson (EPA) Heather Larson (StopWaste.Org)
10:30-12:15	<b>Program Design &amp; Implementation Recommendations:</b> <ul style="list-style-type: none"> <li>→ Program Delivery</li> <li>→ Professional Qualification &amp; Training</li> <li>→ Prescriptive vs. Performance Whole-Building Approach</li> <li>→ Energy Analysis Software</li> </ul>	Julieann Summerford (Heschong Mahone Group) Bruce Mast (Build It Green) Douglas Beaman (Douglas Beaman & Associates)
12:15-1:00	<b>Lunch-</b> Networking	
1:00-2:15	<b>Recommendations continued:</b> <ul style="list-style-type: none"> <li>→ Co-ordinate Low-income &amp; Energy Efficiency Programs</li> <li>→ MF Navigation Tool</li> </ul>	Wayne Waite (HUD) Maryann Leshin (Enterprise) Julieann Summerford (Heschong Mahone Group)
2:15-3:00	<b>Utility MF Programs</b> <b>Open Discussion</b>	Cathleen Fogel (CPUC) & Beckie Menten (Visiting Research Fellow at the CPUC)

**We look forward to your participation!**

\*The California Home Energy Retrofit Coordinating Committee (CA HERCC) is an ad hoc group of over 40 energy efficiency and/or program development and implementation experts from the following organizations: U.S. EPA, the California Energy Commission, the California Public Utilities Commission, the California Air Resources Board, Pacific Gas and Electric, Sacramento Municipal Utility District, the California Building Performance Contractor's Association, county/local governments, and non-governmental organizations. CA HERCC develops program implementation recommendations, conducts workshops and creates training and educational materials to support the advancement of Home Energy Efficiency Retrofitting of existing homes in California. For more information, contact Leif Magnuson at [magnuson.leif@epa.gov](mailto:magnuson.leif@epa.gov), (415) 972-3286.
